

*From another point of view*

# OUR VISION IS YOUR PROGRESS

Utilize synergies, combine strengths

Decades of  
experience and  
trendsetting solutions

# BALANCE BETWEEN **EXPERIENCE & FUTURE**

*“Only those who know their past  
will have a future.”*

*Wilhelm von Humboldt*

Decades of  
experience and  
trendsetting solutions

***Originating from the KKT Kraus Company, the current KKT chillers brand is an important pillar of the ait group.***

*Continuous growth and the development of energy-efficient solutions at its in-house technology center, together with its global service network and locations in Germany, the U.S. and China, make KKT chillers a global player in the chiller market.*

*Based on its long-standing experience and in-depth industry expertise, KKT chillers is well prepared to master the challenges ahead.*

## From another point of view

***Making progress means changing perspectives,  
anticipating changes and recognizing the  
demands of tomorrow as an opportunity today.***

*This is why KKT chillers is taking a different  
perspective, transforming from product provider  
to solution provider.*

*The focus: skill sets that make KKT chillers a  
dependable partner for customized cooling  
solutions. In future, KKT chillers will be  
strengthening collaborations and working with  
customers to develop innovations that go far  
beyond the product itself.*

*In short: **Our vision is your progress***

A man with a beard and glasses, wearing a dark quilted jacket and light grey trousers, stands on a large, translucent blue ice floe. The background shows a vast, cold landscape with more ice floes and a distant shoreline under a pale, overcast sky. The overall color palette is dominated by blues and greys, creating a sense of cold and isolation.

# BALANCE BETWEEN TRUST & PROGRESS

Your trusted  
partner for  
thermodynamic processes

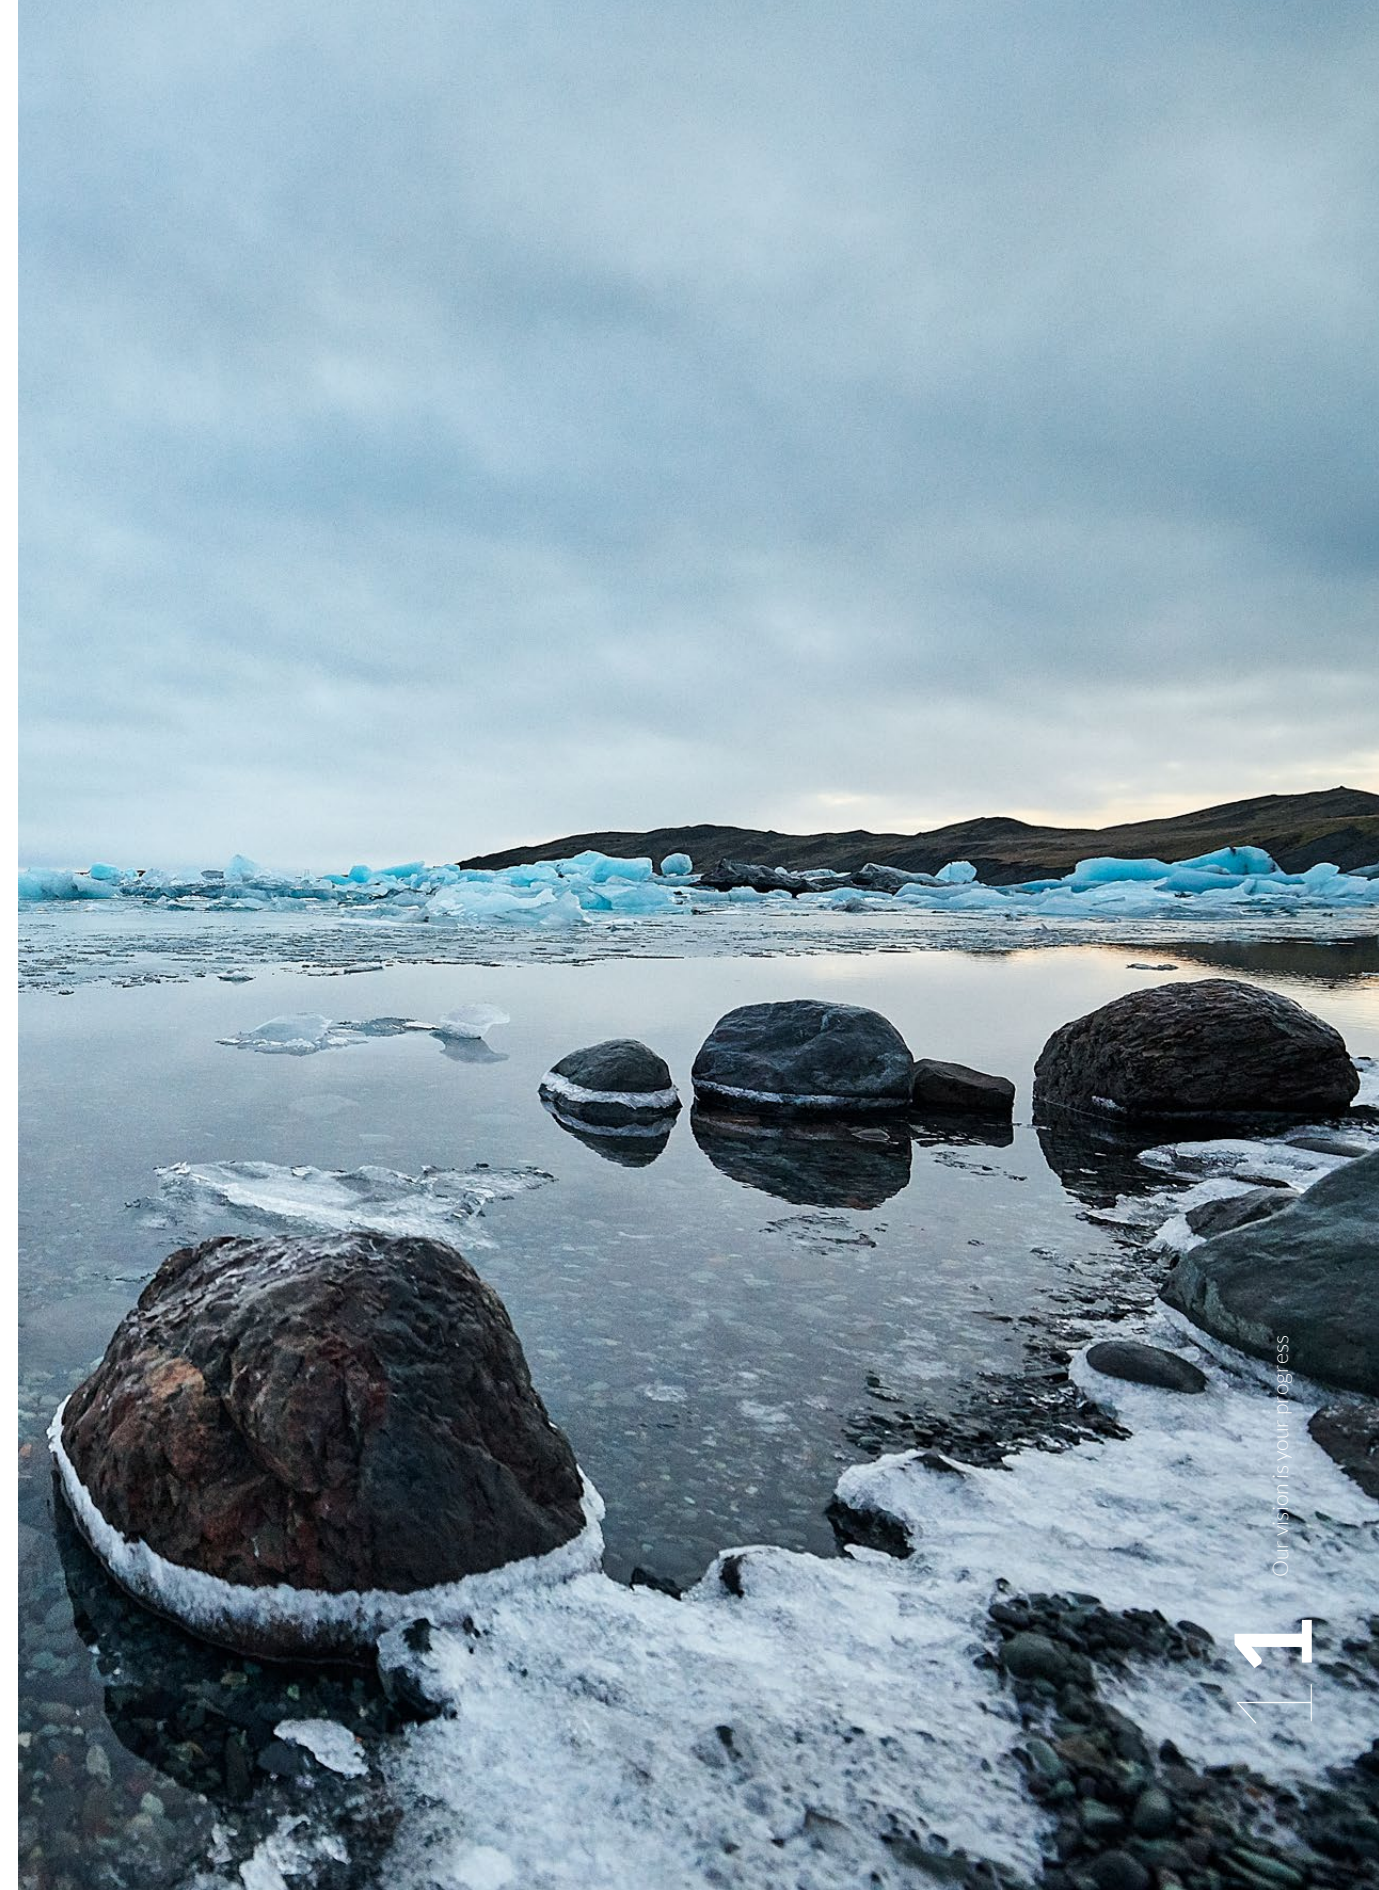

Your trusted  
partner for  
thermodynamic processes

*Our top priority is always the customer benefit and customized consultation. KKT chillers is driven by values such as reliability, partnership and trust.*

*KKT chillers strengthens these values to establish a long-term business relationship with you and to ensure our mutual success. In doing so, we combine our respective expertise to create world-class solutions.*

A landscape photograph of a beach with icebergs and a large rock. The sky is overcast and grey. In the foreground, a large, dark, flat rock sits on a wet, pebbly beach, its reflection visible in the shallow water. The middle ground is filled with numerous icebergs of various sizes, some showing a deep blue color. In the background, dark, rolling hills are visible under the cloudy sky.

# BALANCE BETWEEN COOLING & INNOVATION

Redefining  
cooling

## Redefining cooling

*Digital interfaces and services are only some of the demands that require consistent rethinking in all areas.*

*KKT chillers focuses increasingly on collaborative developments that are tailored to your requirements. This way, we can address changes in the business environment early on and meet any market needs in the future.*

*The result: After a short time-to-market, intelligent solutions are created with maximum uptime.*

A man with a beard, wearing a dark quilted jacket and grey trousers, stands on a large, translucent blue ice floe. He is looking out over a vast, cold sea filled with other ice floes under a heavy, grey sky. The scene conveys a sense of isolation and resilience.

# WHERE INNOVATION BEGINS **RESIDENT ENGINEERING**

The answer to a  
trust-based  
partnership

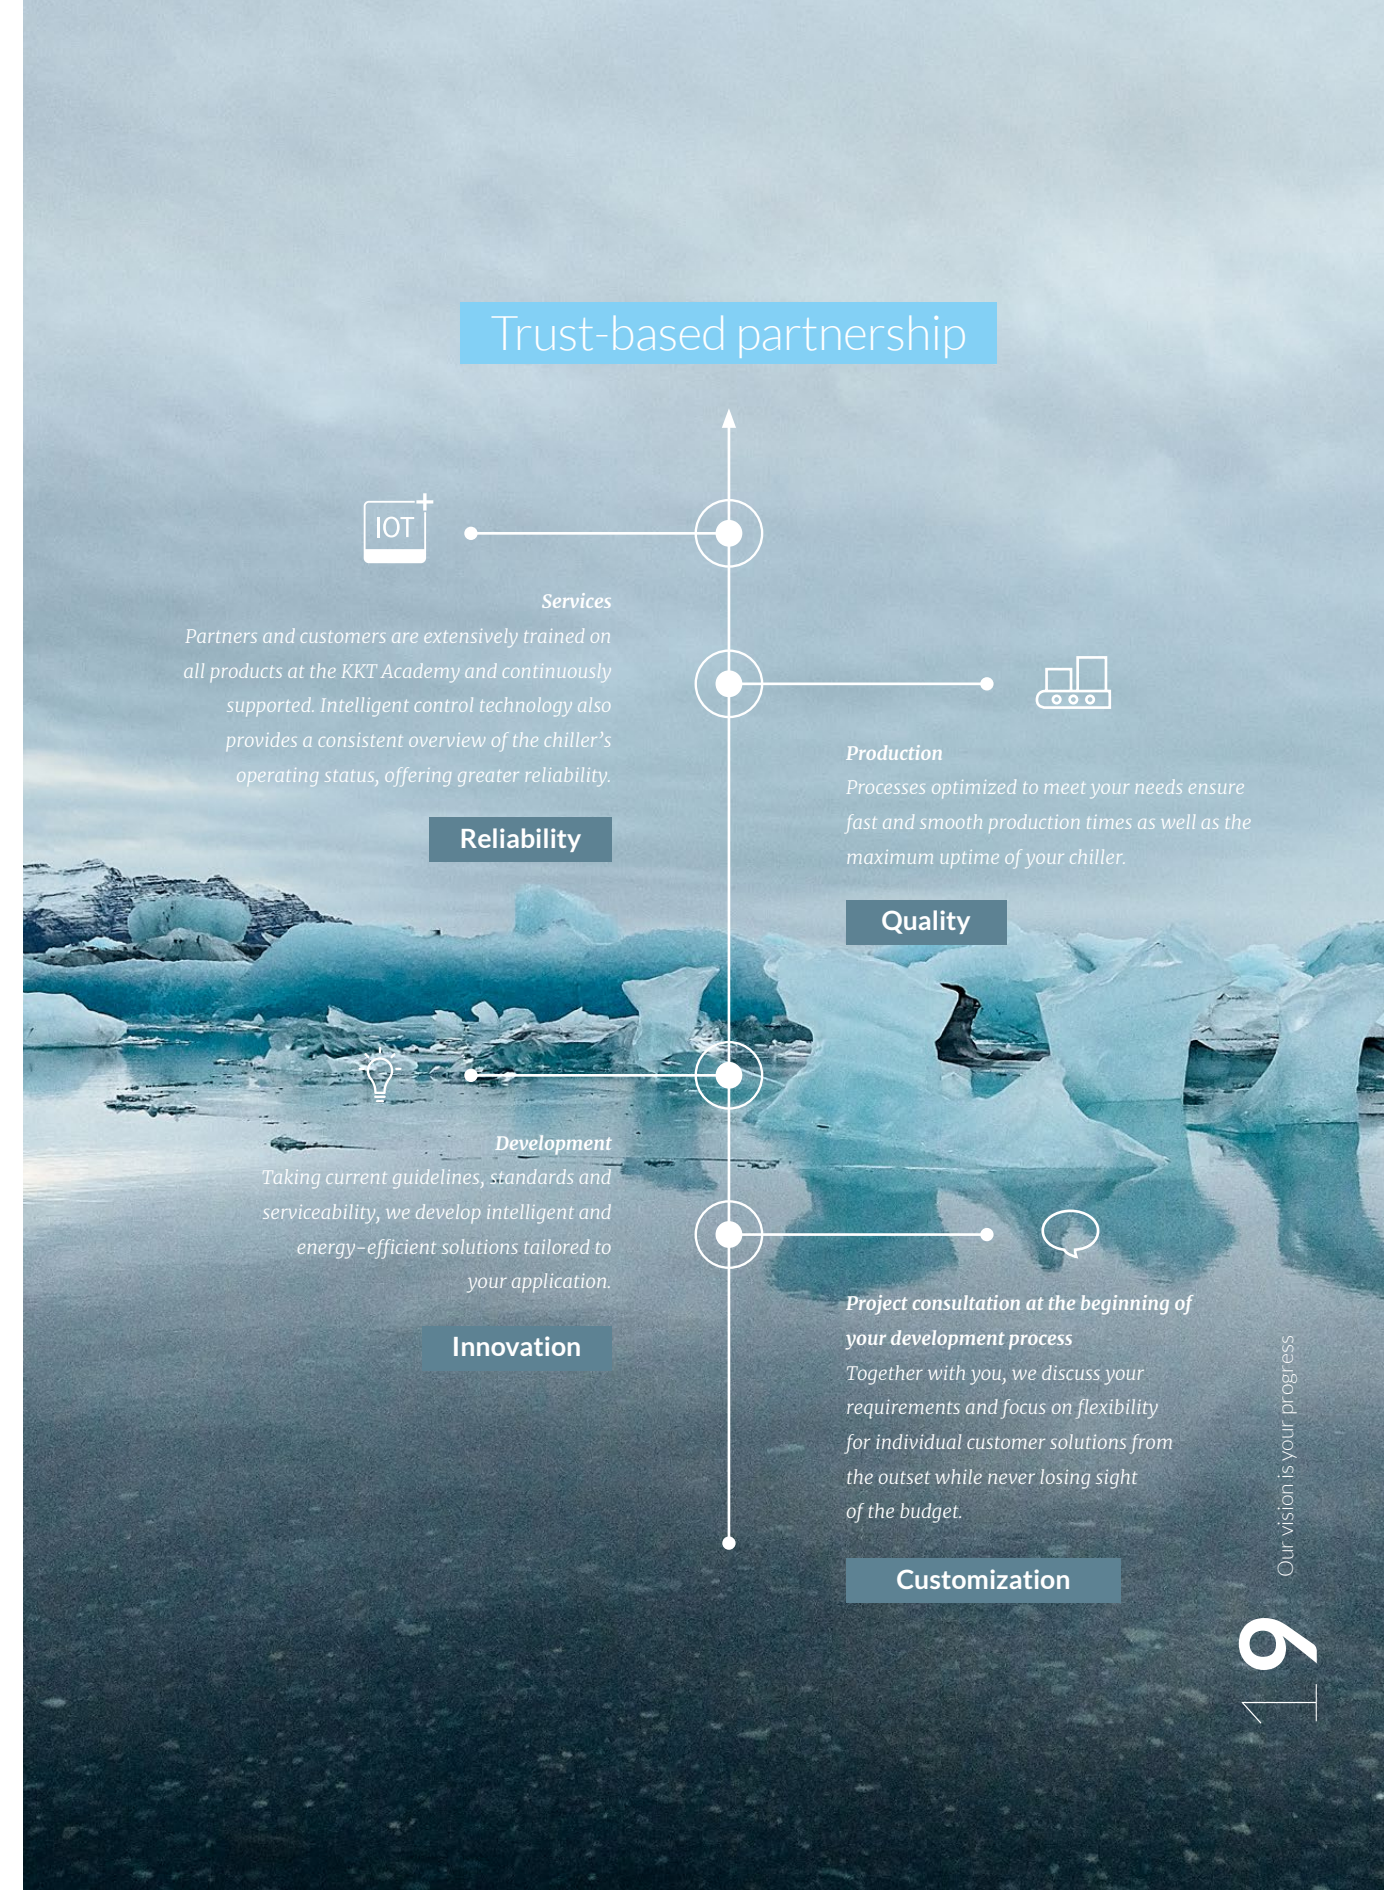

## Resident Engineering

Close cooperation lays the foundation for smooth workflows. This is why it makes sense in long-term development projects to take process and component cooling into consideration early on.

In future, KKT chillers will focus even more on ideal communication processes and the integration of our thermodynamic expertise into your development process.

**As a result, both parties – you, as the customer, and KKT chillers – stand to benefit from a cooling solution that you barely notice and that nevertheless achieves valuable savings.**

# BALANCE BETWEEN LOCAL & GLOBAL

Global industry  
expertise in  
process cooling

Global industry  
expertise in  
process cooling

*With its global sales and service network,  
KKT chillers ensures short response times and  
reliable customer support.*

*By manufacturing at different locations,  
KKT chillers brings together worldwide know how,  
providing comprehensive industry expertise and  
proximity to target markets.*

Experience

Energy Efficiency

Internationality

Flexibility

Uptime

Connectivity

Customization

# TECHNOLOGY & SERVICE LEADERSHIP

Identify trends,  
shape the future

*As the technology and service leader in the industry, KKT chillers defines success in growing with upcoming trends and breaking new ground.*

*With all these challenges, the focus is always on the customer benefit, and for KKT chiller this means maximum customer satisfaction based on great flexibility and top quality.*

*Be part of our vision.*

Our vision is your progress
